*I can't move forward with my life, until I know my demons are confined to the past...*

Being Charlotte Silver, the daughter of famous paranormal investigators, means my life isn't like that of other teenage girls. Especially after what happened to my parents. Things changed. I missed prom and deferred my big college plans. But I still have my boyfriend, Noah. He's everything I could want—if I can figure out what's up with him. Suddenly Noah is secretive.

I fear it has something to do with what happened to us three months ago. The bruise Noah suffered during a paranormal attack has never completely faded. Now I've learned Noah is researching demons. And when he disappears, it's up to me to find him—before something else does.
