The Four Gateways of Life is a book about ancient Mayan wisdom that teaches us the four doors each and every human being needs to walk through, no matter their goals or life status. These four gateways must be walked through in the right sequence if we are to experience peace, clarity, love, inner power and finally, elder wisdom. The lives of most humans prove that people's lives are in shambles, discombobulated and scattered. If you've ever asked questions such as these: "Who am I?" "What is my life's mission" "Who is my life partner?" "Should I start my own business?" "Should I move to another country?" "Is now the time to build a family?" Then you are standing before gateway number two, which is the gateway of clarity. The reason we do not have clarity is because we not yet walked through gateway number one. Most people would rather skip gateways one and two and head straight for gateway number three: the gateway of power. We see this frequently with those who must have wealth and power over others at any cost. Sadly, gateway number three, although the door to power, is not talking about power achieved by force. This gateway is about inner power and strength of character. There is a way for all human beings to live a life filled with love, without fear but filled with crystal clarity that can lead to true inner power and eventually elder wisdom. The individual who embarks on their life journey following these four gateways is the human being that exudes a strength and power and a charm that is irresistible and truly powerful. These are the people for whom everything just seems to go right. They seem to always be in the right place at the right time and they seem as though they're luck's favorite. This type of success has nothing to do with luck or having been born with a platinum spoon in their mouth, it has everything to do with these four gateways, which polish and strengthen one's character. If you're ready to do roll up your sleeves and do the work, this book will give you the step-by-step plan to living a brilliantly successful life.
