Photographic Whitewash: Suppressed Kennedy Assassination Pictures Harold Weisberg

Harold Weisberg was foremost among the early trailblazers who saw the inadequacy of the Warren Report's solution to the Crime of the Century. He tirelessly petitioned the government and used the courts to force release of withheld documents, and wrote dozens of books and manuscripts on the subject, including the Whitewash series, Oswald in New Orleans, PostMortem, Never Again, and Case Open, along with many unpublished manuscripts. He also wrote Frame-Up on the murder of Martin Luther King, Jr. Harold died in 2002 at the age of 88.

In *Photographic Whitewash*, Weisberg wrote:

"What little use was made of the photographic evidence that the government did not dare ignore was of deliberately dishonest intent. The record is overwhelming that no effort was made to learn what the relatively few pictures used really show. These pictures were twisted in their use, interpreted to make it seem that they might be in accord with what the government had earlier decided upon. They are not!"
