Introduction to German Poetry: A Dual-Language Book (Dover Dual Language German) Gustave Mathieu

The poems in this anthology represent a panorama of the main trends in the development of the poetry of the German-speaking people. Beginning with a minnesong of the early Middle Ages and a poem of the seventeenth century, the book then focuses on the Age of Goethe (1749-1832). Inspired by Goethe and his contemporaries, German poetry was able to develop according to its own genius and to advance along new lines that eventually led to the period of Expressionism and Post-Expressionism with which this anthology ends.

Included here are the full German texts of 39 poems-lyrics, ballads, philosophical verse, humor, student songs-and three selections from longer works by Goethe, Novalis and Lenau. Some of the other poets represented are Walther von der Vogelweide, Schiller, Hölderlin, Heine, Rilke, Brecht, Hermann Hesse, Stefan George, Gryphius, Platen, Scheffel, Conrad Ferdinand Meyer and Albrecht Haushofer.

For each poem, this book includes an expert literal English translation on the facing page. You'll also find a biographical and critical discussion of each poet, textual information and a portrait of the poet. Here is a wonderful opportunity to discover the depth and richness of the German poetic tradition, and learn the language at the same time.
