The energetic narrator of *Me Counting Time* and *Me on the Map* is back, this time introducing young readers to the units of measure. What's the difference between a cup and an ounce? What gets measured in bushels and when do you use a scale? Easy-to-understand text and playful corresponding illustrations teach children the differences between wet and dry measurements, weight, size, and length. And all information is conveyed in a unique kid's-eye perspective, using everyday objects and situations. *Me and the Measure of Things* makes measurement fun—and comprehensible!
