Mobimento: Educação e comunicação mobile (Portuguese Edition) Wagner Merije

A escola de hoje tem muitos desafios, todos sabemos. Um deles está em como otimizar a presença da tecnologia em sala de aula, especialmente dos equipamentos que já fazem parte da vida dos jovens, de diferentes classes sociais, como o telefone celular. Cabe ao projeto político pedagógico das escolas decidir se ele continua a ser usado clandestinamente e de maneira não construtiva ou ser apropriado nos planos de aula de forma emancipadora. Portanto, é uma escolha político pedagógica.

Este livro, resultado da experiência do MvMob em mais de 800 escolas públicas e privadas de todo o país, mostra os caminhos para o uso do celular e das demais TiCs na educação. Promove a reflexão sobre a tecnologia em nosso dia a dia e mostra que existem ações concretas e criativas capazes de transformar professores e alunos em protagonistas do processo de apropriação das tecnologias com finalidades pedagógicas.

O livro aborda também questões de ética no uso da tecnologia, reciclagem, um rico glossário das palavras usadas no mundo mobile, dicas de filmes para uso pedagógico e muitas outras dicas.

David Stokes:

People live in this new day of lifestyle always try and and must have the extra time or they will get wide range of stress from both day to day life and work. So , if we ask do people have free time, we will say absolutely sure. People is human not really a robot. Then we consult again, what kind of activity do you possess when the spare time coming to a person of course your answer will probably unlimited right. Then ever try this one, reading publications. It can be your alternative within spending your spare time, often the book you have read is actually Mobimento: Educação e comunicação mobile (Portuguese Edition).

Jesus Rhode:

As a college student exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's soul or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Mobimento: Educação e comunicação mobile (Portuguese Edition) can make you truly feel more interested to read.
