Walter J. Boyne

Beyond the Wild Blue: A History of the U.S. Air Force, 1947-2007 Walter J. Boyne

The second edition of *Beyond the Wild Blue*, an update of the popular history originally released in 1997, is a fascinating look at sixty turbulent years of Air Force history. From the prop-driven armada of World War II to the most advanced Stealth weaponry, from pioneers like General Henry "Hap" Arnold to glorious conquests in the Gulf War, *Beyond the Wild Blue* is a high-flying study of the triumphs (and failures) of leadership and technology.

In three new chapters, Walter Boyne covers an eventful ten years, including 9/11, the invasion of Afghanistan, and the second Gulf War, describing in detail the technological advancements that led to highly efficient airstrikes in Iraq. He also takes stock of the Air Force's doctrine and mission statements as this unique sector of the military grapples with an ever-changing world.
