Heartwarming, compelling and genuinely remarkable, *More Than Just Coincidence* is the true story of a mother who was reunited with her daughter, twenty years after she gave her up for adoption, in the most incredible of circumstances.

One hot summer day in 1970, teenaged Julie dressed her 10-day-old baby daughter for the last time. Then she placed her newborn into a nurse's arms and walked away, taking with her only a tiny plastic bracelet on which were written two words - 'Baby Wassmer'.

Over the next twenty years, the print on the bracelet began to fade, but the memory of Julie's lost child continued to run, like thread, through the fabric of her life. Julie travelled the world and led an adventurous life, but at the back of her mind always remained the daughter she had let go.

On 5 November 1990, a struggling writer, aged 36, Julie stared at the reflection in a mirror on her bathroom wall as she prepared for her first meeting with a literary agent. All of sudden a thought came into her mind: now might be the perfect time for her daughter to re-enter her life. A few hours later, in the most astonishing way, two worlds were about to collide.

Real life can be stranger than fiction.
