The most important bilateral relationship in Asia since the end of World War II is assuredly between the United States and Japan. Despite the geographical and cultural differences between these two nations, as well as the bitterness leftover from the war, an amicable and prosperous relationship has developed between the two countries boasting the world's largest economies. As the 21st century progresses, the continuing goodwill between the U.S. and Japan is of the utmost importance, as the peace and stability of the Asia-Pacific depends on their cooperation and efforts to contain destabilizing factors in the area.

*The A to Z of United States-Japan Relations* traces this 150 year relationship through a chronology, an introduction, appendixes, a bibliography, and cross-referenced dictionary entries on key persons, places, events, institutions, and organizations. Covering everything from Walt Whitman's poem, "A Broadway Pageant," commemorating the visit of the Shogun's Embassy to the U.S. in 1860, to zaibatsu, this ready reference is an excellent starting point for the study of Japan's dealings with the U.S.
