Semantic Web - Architektur und Status Quo (German Edition) Thomas Werres

Studienarbeit aus dem Jahr 2009 im Fachbereich Informatik - Internet, neue Technologien, Note: keine, Fachhochschule Bonn-Rhein-Sieg, Veranstaltung: Wirtschaftsinformatik, 59 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Die Informations- und Kommunikationstechnik konnte die Beherrschung der komplexen Mensch-Computer-Kommunikation in den letzten Jahren durch intelligenteren, computergestützte Informationssysteme und verbesserter Schnittstellen erheblich steigern. Dennoch können Computer derzeit nicht die Bedeutung von Informationen formal interpretieren und verarbeiten. Das Semantic Web (WWW-Diktion: Web 3.0) ermöglicht es Computern, sinnvolle Zusammenhänge zwischen Daten zu erkennen und dadurch den Nutzer bei der Navigation durch große Datenbestände und dem Auffinden von relevanten Informationen zu unterstützen.

Diese Arbeit vermittelt dem Leser einen Einstieg in die Grundlagen des Semantic Webs und öffnet durch zwei Praxisbeispiele Perspektiven für die Zukunft des Internets aus informationstechnologischer aber auch aus ökonomischer Perspektive.

From reader reviews:

Hattie Jasso:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to be aware of everything in the world. Each guide has different aim or maybe goal; it means that reserve has different type. Some people really feel enjoy to spend their time and energy to read a book. They are reading whatever they have because their hobby is usually reading a book. How about the person who don't like studying a book? Sometime, person feel need book whenever they found difficult problem or even exercise. Well, probably you should have this Semantic Web - Architektur und Status Quo (German Edition).

Peter Holmes:

Reading a publication tends to be new life style in this era globalization. With looking at you can get a lot of information that could give you benefit in your life. With book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. Many author can inspire their particular reader with their story or perhaps their experience. Not only the story that share in the ebooks. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors nowadays always try to improve their talent in writing, they also doing some exploration before they write to their book. One of them is this Semantic Web - Architektur und Status Quo (German Edition).

Karolyn Kaufman:

Playing with family in the park, coming to see the water world or hanging out with pals is thing that usually you could have done when you have spare time, after that why you don't try issue that really opposite from that. One particular activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Semantic Web - Architektur und Status Quo (German Edition), you can enjoy both. It is fine combination right, you still want to miss it? What kind of hang-out type is it? Oh seriously its mind hangout men. What? Still don't have it, oh come on its referred to as reading friends.

Harry Barnes:

This Semantic Web - Architektur und Status Quo (German Edition) is great publication for you because the content and that is full of information for you who have always deal with world and still have to make decision every minute. This specific book reveal it data accurately using great plan word or we can say no rambling sentences inside. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but hard core information with wonderful delivering sentences. Having Semantic Web - Architektur und Status Quo (German Edition) in your hand like finding the world in your arm, information in it is not ridiculous one. We can say that no book that offer you world

with ten or fifteen small right but this book already do that. So , this really is good reading book. Heya Mr. and Mrs. hectic do you still doubt this?
