## **Provocation in Popular Culture** Bim Mason

What role can provocation play in the process of renewal, both of individuals and of societies? *Provocation in Popular Culture* is an investigation into the practice of specific provocateurs and the wider nature of cultural provocation, examining, among others:

- Banksy
- Sacha Baron Cohen
- Leo Bassi
- Pussy Riot
- Philippe Petit
- Archaos.

Drawing on Bim Mason's own twenty-five year career as performer, teacher and creative director, this book explores the power negotiations involved in the relationship between provocateur and provoked, and the implications of maintaining a position on the 'edge'.

Using neuroscience as a bridge, it proposes a similarity between complexity theory and cultural theories of play and risk. Three inter-related analogies for the 'edge' on which these performers operate – the fulcrum, the blade and the border – reveal the shifts between structure and fluidity, and the ways in which these can combine in a single moment.
