## **A History of the Book in America, 5-volume Omnibus E-book: Includes all Five Volumes**

The five volumes in *A History of the Book in America* offer a sweeping chronicle of our country's print production and culture from colonial times to the end of the twentieth century. This interdisciplinary, collaborative work of scholarship examines the book trades as they have developed and spread throughout the United States; provides a history of U.S. literary cultures; investigates the practice of reading and, more broadly, the uses of literacy; and links literary culture with larger themes in American history.

Now available for the first time, this complete Omnibus ebook contains all 5 volumes of this landmark work.
