Secret Fighting Arts of the World John F. Gilbey

Here is a book crammed full of secret fighting techniques never before divulged in print: the Oriental delayed death touch, the destruction wrought on by the fingertips of an obscure Mexican; the shout of doom; the method so terrible it is practiced only in Russian torture chambers, the niceties of Thuggee strangulation; and many more vicious fighting tricks.

Suppressed for generations! Twenty of the world's most secretly guarded fighting techniques vividly described in one volume.

The average reader will find this book amazing--almost unbelievable. But many thousands of rugged young men currently practicing and writing about Oriental martial arts in the United States will find it invaluable. They know that such techniques exist, but have never before had the opportunity to learn them. Even those who scoff at such amazing arts should read this book with care.
