**Una Descripción de la lengua árabe (ebook) (Spanish Edition)** Josep Puig Montada, Ahmed-Salem Ould Mohamed Baba

El árabe es la lengua oficial de una veintena de países independientes del Oriente próximo y del norte de África. Israel reconoce también el árabe como una de sus lenguas oficiales, y en distintos países industrializados hay comunidades de inmigrantes árabes numerosas. Existen también regiones donde la lengua oficial es otra y donde parte de la población habla árabe. Es también la lengua de más de mil trescientos millones de musulmanes, y fue declarada lengua oficial de las Naciones Unidas en 1974. Este libro estudia los orígenes y la evolución del árabe clásico, su morfología verbal y nominal, y las partes no significativas del lenguaje. De la sintaxis nominal considera las construcciones del artículo y demostrativo más nombre sustantivo, de sustantivo más adjetivo, de sustantivo más sustantivo, de adjetivo en comparación. Analiza también el sintagma verbal. Termina con el estudio de las oraciones simple y compuesta. Acompaña el libro una amplia bibliografía sobre filología semítica, historia del árabe, el árabe clásico, el árabe moderno, dialectología, métodos e léxicos, gramáticas nacionales, paleografía y epigrafía.
