This four volume set of books constitutes the proceedings of the 36th International Conference Information Systems Architecture and Technology 2015, or ISAT 2015 for short, held on September 20–22, 2015 in Karpacz, Poland. The conference was organized by the Computer Science and Management Systems Departments, Faculty of Computer Science and Management, Wroclaw University of Technology, Poland. The papers included in the proceedings have been subject to a thorough review process by highly qualified peer reviewers. The accepted papers have been grouped into four parts:

Part I?addressing topics including, but not limited to, systems analysis and modeling, methods for managing complex planning environment and insights from Big Data research projects.

Part II?discoursing about topics including, but not limited to, Web systems, computer networks, distributed computing, and multi-agent systems and Internet of Things.

Part III?discussing topics including, but not limited to, mobile and Service Oriented Architecture systems, high performance computing, cloud computing, knowledge discovery, data mining and knowledge based management.

Part IV?dealing with topics including, but not limited to, finance, logistics and market problems, and artificial intelligence methods.

From reader reviews:

Gerard Williams:

What do you ponder on book? It is just for students since they're still students or it for all people in the world, the actual best subject for that? Simply you can be answered for that concern above. Every person has diverse personality and hobby for each other. Don't to be forced someone or something that they don't need do that. You must know how great along with important the book Information Systems Architecture and Technology: Proceedings of 36th International Conference on Information Systems Architecture and Technology - ... in Intelligent Systems and Computing). All type of book would you see on many resources. You can look for the internet sources or other social media.

Elaine Davenport:

Spent a free time for you to be fun activity to complete! A lot of people spent their leisure time with their family, or all their friends. Usually they undertaking activity like watching television, going to beach, or picnic inside the park. They actually doing ditto every week. Do you feel it? Will you something different to fill your current free time/ holiday? May be reading a book may be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of guide that you should read. If you want to consider look for book, may be the guide untitled Information Systems Architecture and Technology: Proceedings of 36th International Conference on Information Systems Architecture and Technology - ... in Intelligent Systems and Computing) can be fine book to read. May be it is usually best activity to you.

Darlene Beaudoin:

Many people spending their time by playing outside with friends, fun activity with family or just watching TV 24 hours a day. You can have new activity to shell out your whole day by examining a book. Ugh, think reading a book can actually hard because you have to accept the book everywhere? It fine you can have the e-book, delivering everywhere you want in your Smartphone. Like Information Systems Architecture and Technology: Proceedings of 36th International Conference on Information Systems Architecture and Technology - ... in Intelligent Systems and Computing) which is getting the e-book version. So , try out this book? Let's see.

Ivan Dinkel:

What is your hobby? Have you heard this question when you got learners? We believe that that concern was given by teacher to their students. Many kinds of hobby, Everyone has different hobby. And also you know that little person just like reading or as reading become their hobby. You need to understand that reading is very important along with book as to be the matter. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You find good news or update in relation to something by book. Amount types of books that can you choose to use be your object. One of them are these claims Information
