## **A Tool for Evaluating Force Modernization Options (1998)** T. Bonds

Military resource allocation choices are often continuous, especially when--as now--international events and domestic budgets require significant changes in the character and capabilities of U.S. military forces. With major changes occurring in systems, forces, and the way those forces are used, it is more important than ever that new concepts be evaluated against an integrated set of capability needs based on future missions and operational objectives.
