Meteor Mags: The Secret Laboratory of Dr. Plutonian (Volume 2) Matthew Howard

This adorable 102-page book makes a great little companion to the Smuggler's Edition. It's the perfect place to jump aboard our ongoing adventures for the first time! It includes the illustrated short story *The Secret Laboratory of Dr. Plutonian* where Mags meets her cat Patches and her DJ, plus the story *Old Enough*, which introduces Tarzi, plus a bonus gallery of even more concept art that does not appear in the *Red Metal at Dawn* collection.

Available in Paperback Only. And now, a word from Meteor Mags:

Ahoy, my darling pirate. Mags here. Hey, I know you're starved for entertainment on that space rock you've been mining for who knows how long now. So our little band of dissidents put together this special edition of the very first adventure Patches and I ever had together. Just for you!

After that, we share a story that introduces my nephew to the smuggler's life, and we get a new musician for our band! ...As if you can find our album anywhere now, thanks to the ban.

You know, this ban totally sucks. You're probably going to get arrested just for having this book. No, I'm serious! I hope they don't shove you out an airlock before you get to the ending.

And why? All I did was take out a squad or two of bloody fascists the day I met Patches, and now everyone's upset. Okay, there might be a few other reasons, too. LOL.

Anyway, try to keep it together on this mission because it's going to get hairy really fast. *Vivan las anarquistas!*

All my love, *Meteor Mags* xoxox
