Microsociología y estructura social global (Spanish Edition) Jorge Chuaqui

Este libro propone una sistematización original de los clásicos de la sociología que, a modo de marco conceptual, permita a los investigadores sociales describir y dar contenido teórico tanto a los procesos particulares investigados como a sus planteamientos generales sobre la sociedad, sin olvidar los nexos con ambientes sociales circunscritos y la vida cotidiana de las personas, es decir, sin dejar en la nebulosa el vínculo entre lo macro y lo microsocial a la hora de proyectar teóricamente sus investigaciones desde la sociedad global a la vida cotidiana.
