Git for Teams: A User-Centered Approach to Creating Efficient Workflows in Git

Emma Jane Hogbin Westby

Git for Teams: A User-Centered Approach to Creating Efficient Workflows in Git Emma Jane Hogbin Westby

You can do more with Git than just build software. This practical guide delivers a unique people-first approach to version control that also explains how using Git as a focal point can help your team work better together. You'll learn how to plan and pursue a Git workflow that not only ensures that you accomplish project goals, but also fits the immediate needs and future growth of your team.

The first part of the book on structuring workflow is useful for project managers, technical team leads, and CTOs. The second part provides hands-on exercises to help developers gain a better understanding of Git commands.

- Explore the dynamics of team building
- Walk through the process of creating and deploying software with Git
- Structure workflow to influence the way your team collaborates
- Learn a useful process for conducting code reviews
- Set up a shared repository and identify specific team members as contributors, consumers, or maintainers
- Know the why behind the Git commands your teammates use
- Use branching strategies to separate different approaches to your project
- Examine popular collaboration platforms: GitHub, Bitbucket, and GitLab

This great information may drawn you into new stage of crucial imagining.

Irene Delong:

Are you kind of occupied person, only have 10 or 15 minute in your day to upgrading your mind skill or thinking skill perhaps analytical thinking? Then you are having problem with the book as compared to can satisfy your short time to read it because pretty much everything time you only find guide that need more time to be read. Git for Teams: A User-Centered Approach to Creating Efficient Workflows in Git can be your answer because it can be read by you who have those short time problems.

Laura Bradberry:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some publication, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Git for Teams: A User-Centered Approach to Creating Efficient Workflows in Git can make you experience more interested to read.
