Historical Dictionary of Austria (Historical Dictionaries of Europe)

Paula Sutter Fichtner

Historical Dictionary of Austria (Historical Dictionaries of Europe) Paula Sutter Fichtner

Austrians today often seem to believe that they have two histories. One is their republican present; the other, the centuries that their forebears spent as part of the multi-ethnic Habsburg Empire. Contemporary Austria is a fixture among Europe's democracies. Yet, it did not achieve this state easily: World War I, the unification with Germany in 1938, and World War II were catastrophes for Austria. In 1995, it became part of the European Union, and its government, culture, and egalitarian economy are far cries from the monarchical and highly stratified society of the old Empire.

The second edition of the *Historical Dictionary of Austria* has been thoroughly updated and greatly expanded. Through its chronology, introductory essay, appendix, bibliography, and hundreds of cross-referenced dictionary entries, greater attention has been given to foreign affairs, economic institutions and policies, social issues, religion, and politics.
