## **Logistics Handbook** James F. Robeson

*The Logistics Handbook* encompasses all of the latest advances in warehousing and distribution. It provides invaluable "how to" problem-solving tools and techniques for all the ever-increasing logistical problems managers face -- making it the most complete and authoritative handbook to date.

Special features include:

- \* The most in-depth coverage of a wide range of topics, including information systems, benchmarking, and environmental issues
- \* Contributions found nowhere else from the leading executives, consultants, and academics in the field, such as C. John Langley, James Heskett, and David Anderson
- \* State of the art graphics
- \* Information-packed appendixes of logistics publications and organizations

This all-inclusive reference will enable the next generation of managers to thoroughly integrate their logistics operations at all levels -- strategic, structural, functional, and implementation -- into a comprehensive logistics strategy.
