The Ninety-Third Name of God Anya Krugovoy Silver

Anya Krugovoy Silver's debut collection considers the flawed and gaudy flesh as it turns toward a beloved's embrace, toward the surgeon's knife. Her poems both celebrate the sensual world and seek to transcend the body's limitations through encounters with art, memory, and the divine. At once imagistic, lyrical, and meditative, Silver's verse begins in the personal sphere and then looks outward toward the wider human experiences of illness, faith, fear, and love. From chemotherapy to doing laundry, from observation of deformed pussy willows to contemplation of the word girl, Silver does not shrink from life's Ablazonry of loss. Instead, she ultimately affirms the possibility of praise and joy.
