The Secret of the Saucers Orfeo M. Angelucci

Many persons have asked me why the space visitors should have chosen me for contact rather than some other individual whom they considered eminently better qualified for such a contact than myself. Why, they infer, should the space visitors have picked so insignificant a nonentity as I for their revelations? In all humility I tell you that I too have asked both the space visitors and myself that very question many times. And it is only within recent months that I have begun to understand fully just why I was chosen. But this is not the place in this book to disclose the reasons for their choice. After you have finished the book, however, you will have the answer. It is up to you then to decide whether or not you agree with the saucer beings in their choice of contact. Thus I shall begin by telling you something of my early life and the space visitors first contact with me back in the year 1946, when I was totally unaware that I first came under their observation.
