Venus And Adonis: A Poem

William Shakespeare

Venus And Adonis: A Poem William Shakespeare

In one of William Shakespeare's most popular poems, Venus spies the young and beautiful Adonis as he prepares for a hunt. She passionately kisses and attempts to seduce him, but Adonis is young and more interested in his hunt, and so he leaves Venus, only to find his own tragic end.

Known as "The Bard of Avon," William Shakespeare is arguably the greatest English-language writer known. Enormously popular during his life, Shakespeare's works continue to resonate more than three centuries after his death, as has his influence on theatre and literature. Shakespeare's innovative use of character, language, and experimentation with romance as tragedy served as a foundation for later playwrights and dramatists, and some of his most famous lines of dialogue have become part of everyday speech.

HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.
