## **Veterans North and South: The Transition from Soldier to Civilian after the American Civil War: The Transition from Soldier to Civilian after the American Civil War (Reflections on the Civil War Era)**

Paul Cimbala

Based largely on Civil War veterans' own words, this book documents how many of these men survived the extraordinary horrors and hardships of war with surprising resilience and went on to become productive members of their communities in their post-war lives.

- Documents how Civil War veterans' combat experience changed them in ways that allowed them to become productive members of their communities and leaders in their sections—a largely overlooked "benefit" to the war
- Identifies overarching trends among veterans' experiences while also underscoring how varied Civil War soldiers' experiences were, depending on which side they fought for, where they fought, and their socioeconomic status
